West Academic, United States, 2014. Paperback. Condition: New. 8th Revised edition. Language: English. Brand new Book. This nutshell is intended for use by law students of constitutional criminal procedure. It is a succinct analysis of the constitutional standards of major current significance. This is not a text on criminal procedure, but rather about constitutional criminal procedure. It avoids describing the non-constitutional standards applied in each state and federally. The text provides the scope and highlights you need to excel in understanding this field. This will enable you to answer exam questions more quickly and accurately, and enhance your skills as an attorney.
